Subject: Ψηφιακή πλατφόρμα VinoSource

To: Embassy of Greece in Tokyo (Economic and Commercial Affairs) <ecocom-tokyo@mfa.gr>

Στις 2 Οκτωβρίου, η ιαπωνική εταιρεία Kafeine G.K. θα εγκαινιάσει την ψηφιακή πλατφόρμα με την ονομασία VinoSource.

Η συγκεκριμένη πλατφόρμα είναι αφιερωμένη και προορίζεται για τους Ιάπωνες εισαγωγείς. Θα τους επιτρέπει να εντοπίζουν κρασιά που δεν εισάγονται στην Ιαπωνία και τα οποία ανταποκρίνονται στις τρέχουσες ανάγκες τους, χρησιμοποιώντας ένα σύνολο δεκαπέντε κριτηρίων αναζήτησης.

Οι εξαγωγείς οίνων μπορούν επίσης να συνδεθούν δωρεάν, εάν επιθυμούν να καταχωρίσουν τα κρασιά τους στο VinoSource. Να σημειωθεί ότι, για να είναι επιλέξιμοι οι οίνοι αυτοί δεν πρέπει να εισάγονται στην Ιαπωνία.

Επισυνάπτεται μια σύντομη παρουσίαση του VinoSource.

Based in Tokyo, we help Japanese importers easily and swiftly identify the wines they need to import.

They have 100% free and permanent access to our platform. With just a few clicks, they can effortlessly identify wines that match their needs by cross-referencing a dozen search criteria.

Then, human intervention takes over: coordinating with the producer, sending samples, etc.

Only wines from affiliated exporters are listed. Affiliation is 100% free for wine exporters if their application is approved.

Only wines that are neither imported to Japan nor under a contract with an importer or agent are eligible.

Numerous highlights, both thematic and non-thematic, are regularly implemented for the importers: special selections, unique and time-limited pricing offers, and more. They receive this information by email.
